Employee of the Month

Employee of the month for February has been awarded to our very own **Lead Care Supervisor,**

Will McGettigan.

Will has been awarded Employee of the month for his continuous efforts to make a difference to our customers lives. His selfless attitude shines

through daily and you can see that getting things right for our customers is at the very heart of what Will does. He is often working past his office hours to ensure that our customers needs are taken care of and this is why we believe that Will deserves such recognition. **We are very proud to have you as part of our Bluebird Care Family.**

Nominations for March 's Employee of the Month are now open, if you would like to nominate a team member you feel deserves recognition please contact the office.

What is good quality care?

During the month of March and April we are holding group sessions with all our care team. During these sessions we will focus on good quality care, what this means to our carers and how this leads to positive outcomes for our customers

We would love to hear your views and opinions on what good quality care means to you, and how good quality care has contributed to your health & well-being.

Flu Vaccinations

The flu vaccine helps protect against flu, which can be a serious or life-threatening illness. It's offered on the NHS every year to people at higher risk of getting seriously ill from flu.

If you're eligible for an NHS flu vaccine, you can contact your GP surgery to book an appointment.

Happy Birthday to all our lovely customers for March.

Your birthday is in March, like the coming of Spring, We are constantly reminded each day of the sunshine that you bring. May you always be as happy as you can along the way, may the love and joy you give be returned to you on your birthday.
